Love In Care

Founded by Aqila Choudhry MBE, Love in Care has been delivering exceptional, person-centred care services in Leeds for over 10 years. Covering Yorkshire, our team of over 60 highly trained professionals provide tailored home care, live-in care, and companionship services designed to support dignity, independence, and well-being. We are proud to be regulated by the Care Quality Commission (CQC), ensuring our services consistently meet the highest standards.

Following a recent inspection, we received outstanding feedback, highlighting our commitment to quality, safety, and compassionate care. At Love in Care, inclusivity is at the heart of what we do. Our dedication to serving individuals from diverse cultural backgrounds and with unique care needs has earned Leeds City Council's Most Inclusive Service Provider award. Our Registered Manager, Aqila Choudhry, has been nominated for Best Registered Manager, reflecting her unwavering commitment to excellence and leadership.

Operating 24/7, 365 days a year, we offer flexible, responsive care tailored to the individual needs of each customer. As we celebrate over a decade of service, Love in Care remains a trusted partner in building meaningful connections and delivering care that transforms lives.

Marske Hall Country Estate

Combining history, luxury, and income potential, Marske Hall offers a unique investment opportunity

Own a Piece of British Heritage

Marske Hall is a remarkable 16th-century estate with royal connections, including ties to Elizabeth I's goddaughter. Its historic stables were the birthplace of Marske, sire of the legendary racehorse Eclipse, whose lineage influences 98% of British thoroughbreds today.

Heritage Meets Contemporary Luxury

Meticulously restored, the estate combines timeless charm with modern sophistication. It features 10 exclusive hall apartments and 14 luxury stable cottages, blending historic architecture with contemporary amenities.

Prime Location and Investment Potential

Located in Yorkshire, the UK's second-largest tourist destination, Marske Hall benefits from 118 million annual visitors and £11 billion in tourism revenue. Just 20 minutes from Scotch Corner Designer Outlet Village, it offers immense potential for luxury rentals, events, and retreats.

Hands-Free Investment Opportunity

Marske Hall provides diverse revenue streams, from high-end holiday lets to exclusive events. An experienced management team ensures hassle-free operations and optimized returns.

Investment Options

- Full Purchase
- Lease Option
- Joint Venture

MADISON MAY
RETROFIT

Madison May

We are energy efficiency retrofit consultants. c.25 million homes and buildings require improvements to meet energy efficiency and carbon reduction targets in the UK alone. Energy efficiency consultants in the UK play a critical role in improving the energy performance of buildings, particularly as a part of the UK's drive to reduce carbon emissions and to achieve net-zero goals.

Madison May's mission objectives are;

- to ensure energy efficiency projects are conducted effectively, safely, and to the required standards
- to help reduce energy bills, lower carbon emissions, and improve building performance.
- to improve the existing built environment to provide modern standards of indoor air quality and thermal comfort
- to remove unintended consequences such as damp, condensation, mould and poor air quality from indoor environments of what is likely the leakiest building stock in Europe.

As one of the first to specialise in retrofit works, our goal is not only to help contractors navigate the complex challenges of retrofit but, to design, project manage and install energy efficiency projects upholding best practices and ensuring our retrofit work is best in class.

Our aim is to create environments where buildings work for people, not the other way around. Throughout the UK and beyond

Tudor International Freight

Tudor International Freight is an award-winning Freight Forwarder based in Leeds, U.K. Established in 1991, we are a locally renowned and globally respected business. Our client base ranges from local owner-managed businesses to large multinationals listed on international stock exchanges.

We offer a range of different services and shipping options including:

- Freight via air, sea or road
- Courier and express services
- Import/export services
- Freight packaging/warehousing
- Specialist/out of gauge shipping
- Dangerous/hazardous cargo
- Aircraft/vessel charters
- Supply chain management and special projects

Our team of experienced logistics experts provide tailored solutions to meet the unique needs of our customers, from shipping a small urgent parcel to chartering an entire aircraft. Every customer is assigned a dedicated team member. We have built a loyal client base by consistently delivering exceptional service.

As a holder of Authorised Economic Operator (AEO) status, granted by HMRC, and registered with several trade bodies, we are committed to delivering the highest standards of security, compliance, and customer service. By leveraging our global network of trusted partners and cutting-edge technology, we ensure that your cargo reaches its destination safely, securely and on time.

UNIVERSITY of
BRADFORD

University of Bradford

At the University of Bradford, we focus on creating the conditions for social, cultural and economic impact. Through this focus our research, innovation and teaching shapes the futures of individuals and societies. Our rich heritage of, and commitment to, applied research, teaching and social inclusion will be used to drive strategic partnerships which extend our influence and impact, while achieving our strategic ambitions.

Our vision is a world of inclusion and equality of opportunity where people want to, and can, make a difference. We want to be known as the place to be to make that difference. We continue to grow our international reputation and course provision, while our research generates technological advancements, societal improvements, and healthcare & policy developments.

With over 50 years of academic excellence behind us as a university, we will harness our strengths in research, innovation, teaching and partnerships to extend our reputation, influence and impact. All of this will create a values-led culture that is inclusive and effective in enriching lives and benefitting society. Our commitment to expand opportunities and enable students to reach their potential has led us to topping the Social Mobility Index of English universities for the last two years.

Sound Leisure

For 47 years, Sound Leisure has proudly designed and manufactured an internationally celebrated range of classic-styled jukeboxes, inspired by the iconic machines of the 1940s and '50s.

Founded in 1978 by inventor and electrical engineer Alan Black, Sound Leisure remains a family-run business and is the world's oldest single-ownership jukebox company.

Our jukeboxes span multiple formats—7" vinyl, LP, CD, and digital and all have Bluetooth receivers installed as standard. Each Jukebox embodies timeless design and fine craftsmanship that ensure they last for generations. With over 70% of production exported, 90% of our jukeboxes grace private residences and are cherished by music enthusiasts who value an iconic centrepiece that delivers unmatched sound and character. For those seeking something truly unique, Sound Leisure offer a custom design and build service - a service that is available worldwide.

Sound Leisure - manufacturing memories since 1978..

Parrish Farms

Parrish Farms is a family run business in the beautiful Bedfordshire countryside. Our farm has been managed by three generations of Parrish families, dating all the way back to 1927 when Frank Parrish first bought the land for a dairy farm, supplying the local villages with fresh milk each day.

With almost 100 years of growing experience, we've had time to perfect our growing processes to bring you the very best products that we can. We proudly grow a variety of crops here, and support many of our neighbour farms with their crops, too. The rich sandy soils of the Greensand Ridge are ideal for onion and shallot growing, which we are passionate about supplying in the most sustainable way.

We pride ourselves on being environmentally friendly and take great care of the land that we farm on. We have adopted precision farming techniques throughout the farm to optimise resources, this includes controlled traffic farming techniques, which helps to maintain soil structure. We have also invested heavily in state-of-the-art storage facilities to ensure our produce is kept in the best condition for longer.

Excellence, Opportunity and Happiness. The aspiration of all at BGS

BGS is an academically selective, socially inclusive independent day school for pupils aged 4-18 based in West Yorkshire, UK. BGS offers a vibrant and supportive community in which to learn and grow.

Rich in history, we can trace our origins back to before 1548 and continue to be recognised nationally as a beacon of excellence. Old fashioned and stuffy, however, we are not. Across generations, BGS's story remains one of confident movement with the times.

We rightly place a premium on love of learning, active engagement with academic studies and wider co-curricular interests that do much to foster character. Our pupils are nurtured to be Old Bradfordians of the future as they join the ranks of notable alumni such as David Hockney, Sir Ken Morrison and Alistair & Jonny Brownlee.

Internationally, we aspire to the same standards of excellence in all that we do. This is why we are seeking investors and partners who appreciate that only through long term relationships, and authenticity, can such excellence be achieved in an international context.
